											TOTAL OF ALL PARTNER CONTRIBUTIONS \$	0	
											TOTAL THIRD PARTY CONTRIBUTIONS \$		
											ANTICIPATED CRC PROGRAM FUNDING \$		
											TOTAL RESOURCES FOR THE CRC \$	0	

Notes:

* Marked fields match the Partner Details that must be provided in the Stage 1 Application Form.

** ACN and ABN lookup is provided in the CRC Round 21 Stage 1 Application Form and should be completed for all Partners (excluding international Partners).

*** Expected levels of investment shown here are totals over the entire term of the proposed CRC.

CRCs are strongly encouraged to work with FTE at levels to a maximum of one decimal place as the Grant Agreement for a successful CRC will only treat FTE at this level.

^ From Round 21 full-time equivalent (FTE) is now valued at the actual eligible salary cost plus 30% for on-costs and overheads (see Grant Opportunity Guidelines for details).

For non-staff in-kind only include major items such as imputed rent of buildings occupied by the CRC, major items of equipment specifically for the CRC's use, etc. Do not include general overheads for staff that have already been counted as FTE in-kind contributions.
