

Automotive Transformation Scheme

ATS Application for transfer of registration form

This form is for applicants who are not Automotive Transformation Scheme (ATS) participants and who seek a transfer of registration. If an ATS participant (the transferor) transfers the transferor's business to another person who is not an ATS participant (the transferee), the transferee may apply to the Secretary for a transfer of registration.

The transferee must not be an existing ATS participant.

The effect of a transfer of registration is that the transferor ceases to have any eligibility under the ATS in relation to eligible investment.

Applicants for a transfer of registration are encouraged to review *ATS Customer Guideline 7: Transfer of Registration and Investment* prior to completing this form. ATS Customer Guidelines, the *Automotive Transformation Scheme Act 2009*, the *Automotive Transformation Scheme Regulations 2010* and the *Automotive Transformation Scheme Order 2010* and other program documentation are available at www.business.gov.au/assistance/automotive-transformation-scheme.

A transfer of registration is not permitted except in accordance with regulation 2.30 of the *Automotive Transformation Scheme Regulations 2010*.

A transfer of registration may be approved or refused, with or without conditions.

Completing and submitting the transfer of registration form

Applicants must complete this form and provide:

- a business case for the transfer of the business; and
- a business plan containing details of the strategies that will enable the transferee to carry on sustainable operations in the Australian automotive industry for a five year period in a way that improves environmental outcomes and promotes the development of workforce skills, including current employment data and operational plans and the assumptions on which forecasts are based; and
- the transferee's ATS related sales, production and investment forecasts for the next five years (excluding any business that is non-ATS related production); and
- the attachments listed at Part D.

The *ATS Application for Transfer of Registration* form can be sent by email to ats@industry.gov.au or by post to:

Automotive Section
AusIndustry
GPO Box 2013
CANBERRA ACT 2601

A hard copy may also be left during business hours at any AusIndustry office (see *Appendix 2*).

Under subregulation 2.30(5) of the *Automotive Transformation Scheme Regulations 2010*, an application for a transfer of registration must not be approved if any of the following applies:

- the business transferred does not include the whole of the eligible investment undertaken by the transferor;
- there are reasonable grounds for believing that the primary purpose of the transfer of the business is to create eligibility for a payment of assistance under the Scheme;
- the amount of assistance to which the transferee would be entitled in respect of eligible investment incurred by the transferor before the transfer would be more than the amount of assistance to which the transferor would have been entitled if the business had not been transferred;
- AusIndustry is not satisfied that the transferee is able to meet the requirements set out in subregulation 2.15(2) of the *Automotive Transformation Scheme Regulations 2010*;
- AusIndustry is not satisfied that the transferee is able to comply with the conditions of registration set out in regulations 2.20 to 2.27 of the *Automotive Transformation Scheme Regulations 2010*.

All values and figures should be recorded in full, as whole numbers. Do not use decimal points.

Privacy and confidentiality

The confidentiality of information provided to AusIndustry, a division of the Department of Industry, Innovation and Science (the Department), by applicants for the ATS is protected by the relevant provisions and penalties of the *Automotive Transformation Scheme Act 2009*, the *Automotive Transformation Scheme Regulations 2010*, the *Public Service Act 1999*, the *Public Service Regulations 1999*, the *Privacy Act 1988*, the *Crimes Act 1914*, the *Criminal Code* and general law.

Subregulation 6.5(1) of the *Automotive Transformation Scheme Regulations 2010* allows the Minister to publish the following information about an ATS participant or a person who was an ATS participant:

- (a) that the person is, or was, an ATS participant and the period of the person's participation in the ATS;
- (b) the amount of assistance paid to the person in an ATS year.

Subregulation 6.5(2) of the *Automotive Transformation Scheme Regulations 2010* requires the Minister to publish a notice that the Minister has given a person named in the notice permission to:

- (a) apply for registration as an ATS participant; or
- (b) continue registration as an ATS participant;

on the basis that the registration would be in the national interest.

Detailed confidential information contained in quarterly returns may be disclosed for audit purposes to contractors engaged by the Department and to other Commonwealth agencies for audit, reporting

and law enforcement purposes. Further, the Department may release confidential information if it obtains the applicant's consent or is required or permitted by law to do so. An Application for a Transfer of Registration from a group of related bodies corporate must confirm the following:

- That the companies are seeking permission as a group of related bodies corporate within the meaning of Sections 9 and 50 of the *Corporation Act 2001*
- That the principal applicant has attached copies of documents that will substantiate that the applicant companies are related within the meaning of Sections 9 and 50 of the *Corporation Act 2001*
- That the applicant understands that if it is granted permission by AusIndustry to apply for registration as a group of related companies, the companies in the group must continue to be related, and if this ceases to be the case, the Secretary of the Department of Industry, Innovation and Science may withdraw his permission for the Group to be registered and deregistration may follow
- That the applicant understands that if the relationship between the group of related bodies corporate changes it will advise AusIndustry in a timely manner
- That the applicant understands that the granting of permission for a group of related companies to apply for registration as a participant in the ATS does not, in itself, entitle the group to receive ATS entitlements under the *Automotive Transformation Scheme Act 2009*
- That Part C of this form has been completed for each member of the group other than the Principal Applicant.

I agree with the above statements.

Please note that if the applicant is applying for registration on behalf of a group of related bodies, the application must be filled out as if the group were a single entity. AusIndustry may ask to see the individual group members' records and these should be kept. Go to next question.
