About the Stronger Communities Program

The Stronger Communities Program supports the Australian Government’s commitment to deliver social benefits across Australia by funding small capital projects in each of the 151 federal electorates.

Round 5 of the program will provide $22.65 million. Grants will be awarded through a closed non-competitive process where invited applications will be assessed against the program criteria.

The program’s intended outcomes are to improve local community participation and contribute to vibrant and viable communities.

It is important to note that being invited to submit an application by your MP, does not guarantee that your application will be successful.

Success of your application depends on the completeness and eligibility assessment of the department, any reputational risk to the Australian government, information you provide, and the availability of grant funds.
